All stock in this list is guaranteed to be of heavy, standard grade; true to name, good, clean, top quality plants.

We give no warranty, express or implied, or do not guarantee life or productiveness of stock. In no case will we be liable for a greater amount than the original purchase price of stock. Contracts subject to crop.

CLAIMS—Written complaints for adjustments must be made immediately upon receipt of stock.

SHIPMENTS travel at risk and expense of purchaser. Packing charge at COST.

TERMS—2% 10 days, 60 days net when credit is established. Otherwise, all orders CASH. Prices subject to change without notice.

Vinca Minor

Hardy Myrtle Periwinkle

PROMPT SHIPMENT—Orders up to 2,500 shipped in 24 hours.

Best to order Vinca Minor for March or early summer delivery. During April and May the tender new growth is injured in handling and makes shipping and transplanting hazardous at this time of year. Vinca Minor transplants better when the new growth is maturing and we ship the vast majority of our orders during June and July. We guarantee safe delivery in summer months.

Experience has taught us that Vinca Minor is the best, most cosmopolitan ground cover, adapting itself to all soils and locations. Each year, there is a great demand for this little plant with its beautiful blue flowers and waxy evergreen foilage.

Our Vinca is clean, healthy, well rooted clumps of a standard size as offered below. We can, however, quote you on any size clump you require.

The plants weigh 100 pounds per thousand packed. You can calculate the exact cost delivered to your place.
